

## APOLOGETIC TALK

### Took photo with the speaker

As at come to our knowledge that many Christian students and church members needed to be equipped on Apologetic talk. We, therefore, continued to organize these talks to the students. Thank God on 17<sup>th</sup> October 2018, we were able to organize an Apologetic Talk at the Anglican Logos Community Centre (ALCC). Rev. Jack Mongudal who is the Pastor in-charge of the church hosted the program. 30 people came to this talk from different churches under the CCM umbrella. Dinner were served before the start of the program.

After the praise and worship session, a short speech was presented by Rev. Juining (Coordinator for CCM Indigenous Work), followed by the speaker Rev. Christopher Dalie, who is our task force leader. He gave a wide and deeper understanding on the theme and emphasized the need to understand other religions and their beliefs. In the same time he said to need to know how to respond critically and firm to them but yet lovingly. After the talk, the MC open for Question and Answer session, questions raised were answered well by the speaker.

We thank Rev. Jack Mongudal for hosting the program for the second time. We also thank all the pastors and the church leaders and members for taking time to come to this program. Above all, we thank God for His guidance and blessings.
