

SPECIAL NEWS

RAPHAEL SEITZ is the German Artist who conceived the Stain glass Windows in the CCM Ecumenical Center Chapel, which was dedicated as the “Chapel of Light of Christ”, in 2013.

We just got the good news that Pope Francis will be receiving an “Ecumenical cross of Argentine” as a symbol of Christian unity which shall move from one country to another till the cross reaches Argentina, the homeland of the current Pope.

Raphael Seitz had this to say about what his ecumenical cross hopes to achieve

“ On Ash Wednesday 18.2. 2015 at 9:30 on a special audience I will present my glass artwork »Ecumenical Cross of Argentina« to Pope Franziskus in Rome.

In course of this he will bless it for its assignment as an inspiring symbol of the christian unity roaming from base community to base community in Argentina.

We all who have driven forth this cross are in vast delight about this: Rainer Will from Cologne, the Group of Argentina friends and supporters by Gabi und Jochen Thiel from Ravensburg, Angela Dambacher from Stuttgart, the Bishopsconference of Argentina , the German Ambassador at the Vatican Annette Schavan and last not least Alwin Nagy, the promoter of networking in Argentina with all his friends of the base communities there.

Exciting and happy times!!!

With kind regards

Raphael”

May God Bless the journey of the Ecumenical Cross
